I am a resource parent caring for (brief description of the children in your care). I care deeply about supporting our children and youth in foster care and their placement stability to help them thrive.

I hope you will join me in supporting children in foster care and their caregivers by ensuring the Governor's proposed permanent foster care payment is adequate to meet their needs, and upholding California's duty to children and youth in foster care and their caregivers by rejecting the Governor's proposal to eliminate funding for the Family Urgent Response System, a proven program fundamental to their safety and wellbeing and a critical support for caregivers.

Thank you for your consideration of this request to support children and families impacted by the child welfare system.

Best,

Your Name and City
